### RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION.

#### INLAND LETTERS.\*

The rate of postage to be prepaid is one penny for every half ounce or fraction of half an ounce,† viz.:—

On a letter not exceeding $\frac{1}{2}$ oz.	-	-	-	1d.
„ „ above $\frac{1}{2}$ oz. and not exceeding 1 oz.	-	-	-	2d.
„ „ „ 1 oz.	„	„	$1\frac{1}{2}$ oz.	- 3d. and so on.

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. On re-directed letters, however, the charge for re-direction is the same whether prepaid or collected on delivery.

---

\* Inland Letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to Letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

# COLONIAL AND FOREIGN LETTERS.

The rates of postage on letters to the colonies and foreign countries are entered in the table of Colonial and Foreign Postage at page 432.

## ADDRESSES TO THE QUEEN AND PETITIONS TO PARLIAMENT.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the sides. No letter or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

## NEWSPAPERS—INLAND.

Newspapers for transmission by post within the United Kingdom are subject to the following regulations:—

- 1st. To have the privilege of passing as a Newspaper, the publication must first have been accepted as a Newspaper by the Postmaster-General, and have been placed on a Register at the General Post Office. Registration for inland circulation includes registration for transmission abroad.
- 2nd. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.
- 3rd. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to "Tables of Contents" and "Indices."
- 4th. A Supplement must be unstitched, must in every case be published with the Newspaper, and must have the title and date of publication of the Newspaper printed at the top of every page; or, if it consist of engravings, prints, or lithographs, at the top of every sheet or side.
- 5th. For each Newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one halfpenny for every 2 oz. or fraction of 2 oz.
- 6th. A Newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book packet of the same weight.
- 7th. The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.
- 8th. No newspaper can be sent through the post a second time for the original postage; for each transmission a fresh postage must be prepaid, except that in the case of re-direction the amount chargeable may be collected on delivery.
- 9th. Every newspaper or packet of newspapers must be posted either without a cover or in a cover open at both ends, and in such a manner as to admit of easy removal for examination.\* If this rule be infringed, the newspaper or packet will be treated as a letter.

---

\* In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves as well as on the covers.

- 10th. Every newspaper must be so folded as to admit of the title being readily inspected.
- 11th. No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it. If it contain any other, such enclosure or enclosures will be taken out and charged on delivery as an unpaid letter.
- 12th. There must be no printing on the cover of a newspaper sent at the newspaper rate but the name and address of the person to whom it is sent, the title of the newspaper, the name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end. If this rule be infringed, the newspaper will be treated as a book packet.
- 13th. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter.
- 14th. No packet of newspapers must exceed 14 lbs. in weight, nor may it exceed two feet in length or one foot in width or depth.

#### NEWSPAPERS—GOING ABROAD.

The regulations with regard to newspapers which may be registered for transmission through the post in the United Kingdom, are alike applicable to those which may be registered for transmission abroad, excepting that for foreign transmission a newspaper may be published at intervals of thirty-one days, and that it (but not its supplement) may be printed on sheets stitched together

They are also subject to the following regulations :—

- 1st. "Prices Current" and "Market Reports," but not private price lists or trade catalogues, are admitted to the same privileges as newspapers for foreign transmission.
- 2nd. Publications registered for transmission abroad must be posted *within eight days* from the date of publication, including the day of publication.
- 3rd. The collected numbers issued during the month of a weekly, fortnightly, tri-monthly, &c., publication will not be allowed to pass as a monthly publication.
- 4th. *The postage must be prepaid with postage labels.* The rates are shown in the Table of Colonial and Foreign Postage.
- 5th. Publications not on the Register at the General Post Office cannot be sent abroad at any rates lower than those applicable to book packets.
- 6th. Every newspaper or packet of newspapers must be posted either without a cover, or in a cover open at both ends, and in such a manner as to admit of easy removal for examination.
- 7th. Every newspaper must be so folded as to admit of the title being readily inspected.
- 8th. No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.
- 9th. There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the printed name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

10th. No packet of newspapers must exceed two feet in length, or one foot in width or depth.

### PARLIAMENTARY PROCEEDINGS.

Printed Votes or Proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of one halfpenny for every 2 oz. or fraction of that weight.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet; otherwise it will be treated as an ordinary Book Packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only will be charged.

Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a Book Post (see Tables of Rates.)

### BOOK POST—INLAND.

A Book Packet may contain not only books, paper, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter or communication of the nature of a letter), photographs, when not on glass or in frames containing glass or any like substance, and anything usually appertaining to such articles in the way of binding and mounting, or necessary for their safe transmission by post, but also *Circulars* when these are wholly or in great part printed, engraved, or lithographed.

1st. The postage is one halfpenny for every two ounces or fraction of that weight

2nd. The postage must be prepaid either by adhesive stamps, or by means of a stamped wrapper, or by a combination of the two.

3rd. A packet posted wholly unpaid will be charged with double the book-postage; and if posted partially prepaid, with double the deficiency.

4th. Every book-packet must be posted either without a cover or in a cover open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination;\* otherwise it will be treated as a letter

5th. No book-packet may contain anything sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) Any such prohibited enclosure will be taken out and forwarded to the address on the packet, charged with postage as an unpaid letter; but the remainder of the packet, if duly prepaid, will be forwarded to its address.

6th. There must be no letter, nor any communication of the nature of a letter, written on any part of a book-packet or its cover. If this rule be infringed, the entire packet will be treated as a letter.

7th. No book-packet may exceed 14 lbs. in weight, two feet in length, or one foot in width or depth.

\* In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, From "\_\_\_\_\_ of \_\_\_\_\_."

## BOOK POST—COLONIAL AND FOREIGN.

For information respecting rates of postage and regulations applying to Book-packets for places abroad, see the Table, page 432.

## PATTERN AND SAMPLE POST—INLAND.

The postage is one halfpenny for every weight of 2 oz. or fraction thereof; but the Pattern and Sample Post is restricted to *bonâ fide trade patterns or samples of merchandize*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another, which are not actually patterns or samples, are not admissible.

- 1s. The postage must be prepaid either by adhesive stamps or by means of a stamped wrapper, or by a combination of both.
- 2nd. A packet posted wholly unpaid will be charged with double the pattern postage; and if posted partially prepaid, with double the deficiency.
- 3rd. Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind,—but such articles, only,—may be posted enclosed in boxes or in bags of linen, or other material, fastened in such a manner that they may be readily opened; or in bags entirely closed, provided such closed bags are transparent, so as to enable the Officers of the Post Office readily to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet will be treated as a letter.
- 4th. There must be no writing or printing upon any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles; nor may there be any writing or printing or other thing enclosed except such address, mark, number, and price, and a written or printed description of the articles: and these particulars may be on labels attached to the samples. If this rule be infringed the packet will be treated as a letter.
- 5th. Any prohibited enclosure will be taken out and forwarded to the address on the packet, charged with full postage as an unpaid letter.
- 6th. No packet must exceed 12 oz. in weight, or two feet in length by one foot in width or depth.

## PATTERN AND SAMPLE POST—COLONIAL AND FOREIGN.

*Bonâ fide* patterns and samples can be sent, at the rates inserted in the Table of Colonial and Foreign Postage, to such colonies and foreign countries as are marked in that Table with the letter "P." The conditions in these cases are for the most part the same as in the case of the Inland Pattern and Sample Post, the following being the only important exceptions:—

- 1st. The limit of weight is not the same to all countries. For particulars, see first paragraph on page 441.
- 2nd. A packet of patterns or samples sent to Portugal, Madeira, the Azores, Cape de Verds, France, or to Turkey, Syria, or Egypt, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length or 12 inches in breadth or depth.

- 3rd. The permission given in Rule 4 of the Inland Pattern and Sample Post to enclose a written or printed description of the patterns is not applicable to packets sent abroad.
- 4th. Samples of intrinsic value must not be sent to foreign countries except the United States; and, in the case of France, samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule, if they weigh more than three ounces. Raw and spun silk, as well as coloured and twisted silk, may be sent to the North German Confederation up to the weight of three ounces.
- 5th. None of the articles named in Rule 4th (p. 420) may be sent as patterns or samples to any place abroad, except the United States of America, Germany, Belgium, Holland, Denmark, Sweden, Norway, Turkey, Moldavia, Wallachia, Portugal, Madeira, the Azores, Cape de Verds, Switzerland, and the British Colonies; and not to these places when addressed "*viâ France*." Indigo cannot be sent to any place abroad.
- 6th. Bags entirely closed, even though they be transparent, must not be used for the transmission of seeds to any foreign country except the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, Switzerland, and Austria *viâ France*.

### POST CARDS.

Post Cards, which bear a halfpenny impressed stamp, are available for transmission between places in the United Kingdom only.

- 1st. The front (or stamped) side is intended for the address only. There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed; but such communication must not extend to the front side. Nothing whatever may be attached; nor may the Card be folded, cut, or otherwise altered. If any of these rules be infringed, the Card will be charged 1d on delivery.
- 2nd. No card other than one of those issued by the Government will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

### GENERAL REGULATIONS.

- 1st. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets, pattern or sample-packets, and post cards may be kept back until the next despatch or delivery.
- 2nd. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent up to the Returned Letter Office.
- 3rd. Postmasters are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if

at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

4th. This rule is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the Officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it will be stopped, and a notice of its detention sent to the person to whom it is addressed or to the sender, who may then obtain it upon personal application; but the packet will be charged as an unpaid letter.

### POSTAGE STAMPS.

Every Head Postmaster is required to keep, for sale to the public, a sufficient stock of halfpenny Post Cards, of the various postage labels in use, and of envelopes with the penny stamp embossed. The labels are of the respective values of  $\frac{1}{2}$ d, 1d,  $1\frac{1}{2}$ d, 2d, 3d, 4d, 6d, 9d, 10d, 1s, 2s, and 5s. Sub-postmasters are required to keep halfpenny and penny labels, and halfpenny Post Cards only; but they can procure any stamps of other values, or embossed envelopes, which may be required. The envelopes are made of four sizes, viz.,  $5\frac{1}{4}$  ins.  $\times$   $3\frac{3}{8}$  ins.,  $5\frac{1}{4}$  ins.  $\times$  3 ins.,  $4\frac{3}{4}$  ins.  $\times$   $2\frac{3}{4}$  ins., and 4 ins.  $\times$   $2\frac{1}{2}$  ins. They are all sold at the following prices:—6 for  $6\frac{1}{2}$ d, 12 for 1s 1d, 24 for 2s 2d.

Postage Stamps which have been torn, cut, or otherwise rendered imperfect, embossed or impressed stamps cut out from the envelope, card, or wrapper, on which such stamps were embossed or impressed,—even although the stamps have not been before used or sent by post,—and Receipt or other Inland Revenue Stamps cannot be used for payment of postage. Applications for allowance for spoilt postage stamps, which have not passed through the post, should be made to the Inland Revenue Office.

Head Postmasters are also required to keep Newspaper Wrappers bearing an impressed halfpenny stamp, of three different sizes, and to sell them at the following prices:—

# REGISTRATION.

By the prepayment of a fee of 4d, any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place in the United Kingdom, the British Colonies, the United States of America, Italy, Germany *via* Belgium, and Switzerland *via* Belgium, also (when sent in closed mails) to the British Post Offices in Egypt and Constantinople. To other Foreign Countries (with a few exceptions where there is no arrangement whatever for registration), only letters and packets prepaid at the letter rates can be registered.

The registration fee upon letters addressed to France or Countries through France (*exclusive of those sent in the closed Mails to India, Hong Kong, Ceylon, Mauritius, Australia, Gibraltar via France, Malta, Constantinople, Austria, Greece, Portugal, Spain, or Italy*), is not a fixed sum, but is in all cases equal to the postage.

The registration of a packet makes its transmission much more secure, inasmuch as a registered packet can be traced through its whole course, and the loss of a registered packet is a very rare occurrence. Nevertheless, by law, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk; and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which unquestionably contain coin, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of eightpence in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the Mail for which they are posted are detained for the next despatch.

Every letter to be registered should be presented at the counter, and a receipt obtained for it, and should on no account be dropped into the letter box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom or the British Colonies*, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence.

At all Post Offices, the latest time for posting registered letters on the payment of the ordinary fee is entered in the notice exhibited at the Office; but, upon payment of a late fee of fourpence, in addition to the ordinary registration fee, letters, whether inland, foreign, or colonial, may be registered after the hours specified, until the closing of the letter box for each despatch (*exclusive of the time during which late letters are received*), or until the office is closed for the night.

# DELIVERY.

Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they may have completed them, except such as have passed through a Post Office. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage, does not extend to Christmas gratuities.

No person living within the town free delivery, or within the limits of a rural post free delivery, unless he rent a private box, can claim to have his letters delivered at the office window if a delivery by Letter Carrier or a despatch by messenger is about to take place; but letters

which arrive by a mail, after which there is no immediate delivery by Letter Carrier or messenger, may be obtained by any person on application at the office window, so long as the office is open for delivery.

In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office, although for persons residing within a free delivery from such office but who have no private box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may be substituted for the name) and to send them out by the Letter Carriers; except such as are addressed to the military in barracks.

Any person can have a private box who is willing to pay the appointed fee. Where this fee goes to the Revenue, it is generally fixed at one guinea per annum to be paid in advance; and where it goes to the Postmaster, he may demand the same terms, though he may, at his option, take less. The same also, in most cases, are the terms for a private bag, except that, in addition, there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half-a-guinea per annum, if the bag be conveyed by a Rural Messenger, and two guineas if by a contractor for a mail cart or other horse post. The weight of a private bag, when empty, is limited to one pound. As the service of a private bag may possibly delay the despatch of the general bag, none are allowed without the permission of the Surveyor.

### MONEY ORDERS.

The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages, against mistakes. These Forms are supplied gratuitously at all Money Order Offices.

The Commission on Inland Money Orders is:—

For sums under 10s.....	1d
" " of 10s and under £1.....	2d
" " £1 " £2.....	3d
" " £2 " £3.....	4d
" " £3 " £4.....	5d
" " £4 " £5.....	6d
" " £5 " £6.....	7d
" " £6 " £7.....	8d
" " £7 " £8.....	9d
" " £8 " £9.....	10d
" " £9 " £10.....	11d
" " £10 .....	1s

No order is allowed to contain a fractional part of a penny.

With the subjoined exceptions, no Money Order can be issued, unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address:—

1st. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company."

2d. When the remitter notifies that the order is to be paid through a Bank, it is left to his option to give or withhold the name of the payee.

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the

remitter should say at which of such offices he wishes it to be paid: otherwise the order can be cashed at the Head Office alone. It is not incumbent on a Postmaster to supply such information relative to local or provincial offices, but the nearest Money Order Office to any street in London may be ascertained by referring to the Street List, which can be seen at any Money Order Office.

An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the paying Postmaster according to the directions printed on the back of the order.

In order to enable the remitter to obtain an acknowledgment of the receipt of a Money Order before the money is paid, it is arranged that he may make his order payable ten days after date, provided that, in the presence of the Postmaster when he obtains the order, he affix thereto, in the space after the request C., a penny receipt stamp, and write his signature across the stamp.

When an order is presented for payment (otherwise than through a bank) the Postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter, and if the reply be correct, the order will be paid, unless the Postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

Money Orders do not require a receipt stamp.

Payment of an order, issued and payable in the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March): otherwise the order becomes lapsed and a new order is necessary, for which a second commission is charged. The period for payment of orders issued in the United Kingdom and payable in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months; and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. A person presenting a lapsed order is furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January), all claim to the money is lost.

No application can be entertained for compensation for alleged injury from the nonpayment of a Money Order at the expected time.

After once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it cashed, the remitter is recommended,—

1st. When he is well known to the payee, to sign the letter enclosing the order with his initials only.

2d. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank.

3rd. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

Payment of the order cannot be demanded on the same day as that on which the order was issued.

In case of the miscarriage or loss of an inland money order, a duplicate is granted on a written application (with the necessary particulars, and enclosing the amount of a second commission, in postage stamps) to the Controller of the Money Order Office of England, Scotland, or Ireland, as the case may be, where the original order was *issued*; and if it be desired to stop payment of an inland order, a similar application, with a like enclosure of postage stamps, must be made to the Controller of the Money Order Office of that part of the kingdom in which the order is *payable*. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application enclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant and imposed on the officer in fault.

A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused, in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing Postmaster.

No Letter Carrier, Rural Messenger, or other Servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

Money Orders are issued at all Money Order Offices in the United Kingdom of Great Britain and Ireland, on BELGIUM and SWITZERLAND at a commission:—

On sums not exceeding £2,	.....	3d.
Above £2 and „ „	£5,	.....6d.

## PRINCIPAL RULES OF THE POST OFFICE SAVINGS BANK.

Post Office Savings Banks are established at all Money Order Offices in the United Kingdom, and are open for the receipt and payment of money daily during the hours appointed for Money Order business.

At these Banks deposits of One Shilling, or any number of Shillings will be received; but no one may deposit more than £30 in one year, or more than £150 in the whole, exclusive of interest.

Interest at the rate of £2, 10s per cent. per annum (which is at the rate of Sixpence in the Pound for each year, or at the rate of One Halfpenny on each complete Pound for each month, reckoning from the first day of the Calendar month next following the day on which a complete Pound has been deposited, up to the last day of the Calendar month preceding the day on which the money is withdrawn) is allowed until the Sum due to a Depositor amounts to £200, when interest ceases to be allowed. The interest due to each Depositor is added to the principal due to him on the 31st December in each year.

Every deposit in a Post Office Savings Bank must be immediately entered by the Postmaster, or other person receiving it, in a book, which book is to be kept by the Depositor, and the Postmaster or other person receiving the deposit should affix his signature and the stamp of his office to each entry. Depositors should carefully examine their books before leaving the offices at which they make their deposits, and ascertain that they have obtained correct receipts for the sums deposited by them.

In addition to the receipts which the Depositors will thus obtain in their deposit books, they will receive for each deposit an acknowledgment by post from the Savings Bank Department in London. This acknowledgment should reach the Depositor within three days from the day on which he makes his deposit, if the deposit be made in England or Wales. If the deposit be made in Ireland or Scotland, the acknowledgment should reach the Depositor within five days. The acknowledgment should be quite free from erasure, and should state the exact amount of the deposit, and the day on which the deposit was made. If the acknowledgment does not reach the Depositor in proper time, or if, when it reaches him, it shows any signs of erasure, or does not agree with the entry in the Depositor's book, the Depositor should immediately apply to the Postmaster-General by letter, and should renew his application again and again until he obtains a satisfactory reply.

Once in each year, on the anniversary of the day on which the first deposit was made by him, the Depositor should forward his deposit book to the Controller of the Post Office Savings Bank Department in London, in order that it may be compared with the books of that Department, and in order that the interest due to the previous 31st December may be inserted in it.

When a Depositor wishes to withdraw the whole or any part of the

sum due to him, he must make application for the same to the Postmaster-General on a printed form called a Notice of Withdrawal, which he can obtain at any Post Office Savings Bank. When he has properly filled up this form, he must fold it and secure it, and forward it by post as if it were an ordinary letter. In return for it he will receive, probably by return of post, a warrant for the amount required by him, payable at the Post Office Bank named by him in the Notice of Withdrawal.

A Depositor in any Post Office Savings Bank may add to his deposits at that or any other Post Office Savings Bank, and may withdraw the whole or any part of them from that or any other Post Office Savings Bank, without change of deposit book. For instance, if he makes his first deposit at the Post Office Bank at Huddersfield, he may make further deposits at, or withdraw his money from the Post Office Bank at Huddersfield, or Leeds, Manchester, Birmingham, Edinburgh, Dublin, or any other place which may be convenient to him.

No charge will be made to Depositors for the books first supplied to them, or for any part of them from that or any other Post Office Savings Bank, but if any Depositor shall lose his book, and shall desire a new book, he must make application to the Postmaster-General for the same, and must enclose in his application Postage Stamps to the value of 1s to pay for the new book. If a Depositor loses his book, he should immediately give notice of the loss to the Postmaster-General.

No charge for Postage will be made on the Depositor for any letter passing between him and the Savings Bank Department with regard to his deposits, or with regard to the withdrawal of the same, or for the transmission of his deposit book between him and the Savings Bank Department.

The Postmasters and other Officers of the Postmaster-General employed in the receipt or payment of deposits, are strictly forbidden to disclose the name of any Depositor, or the amount of his deposits, except to the Postmaster-General, or to such of his Officers as are appointed to assist in carrying on the business of the Post Office Banks.

A full statement of the Regulations of the Post Office Banks may be seen in the "British Postal Guide," and at any Post Office Bank; where also information may be obtained with regard to the Rules affecting—The deposits made by Trustees on behalf of another person; the deposits of Minors; the deposits of Married Women; the deposits of Friendly or Charitable or Provident Societies or Penny Banks; the repayment of the deposits of deceased Depositors to their representatives; the repayment of the deposits of Depositors who have become insane, or who are, from other causes, unable to act for themselves.

### GOVERNMENT INSURANCES AND ANNUITIES.

The Postmaster-General is empowered, under the Act 27 and 28 Victoria, cap. 43, to insure the lives of persons of either sex, between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant Immediate or Deferred Annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards. The persons whose lives are insured, or to whom Annuities are granted, by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Premiums to be charged for the insurance of lives vary with the ages of the persons whose lives are to be insured, and with the mode in which they are to be paid.

Tables of the Premiums to be charged for the insurance of lives ; for the grant of Immediate Annuities ; for the grant of Deferred Annuities or Deferred Monthly Allowances, without return of purchase money ; and for the grant of Deferred Annuities or Deferred Monthly Allowances, with return of purchase money,—have been printed, and may be seen at any Post Office which has been opened for the receipt of proposals.

### POST OFFICE TELEGRAPHS.

The charge for the transmission of an inland message—that is, of a message going from one part of the United Kingdom to another part of the United Kingdom—is 1s for the first twenty words, exclusive of the addresses, for which no charge will be made, and 3d for each additional five words or part of five words.

Message forms are of two kinds, viz. forms with a 1s stamp embossed thereon, and forms without any such stamp. Both kinds of form may be obtained at the Postal Telegraph Offices, and the unstamped forms may be obtained at the Railway Stations, from which the Railway Companies will transmit messages on account of the Post Office. The forms with the 1s stamp embossed thereon are bound in books containing 20 forms, which books will be sold for £1 each ; but the forms may be purchased singly or in any quantity desired.

That portion of the form on which the message is to be written is divided into eight lines and each line into five spaces ; and it is very desirable that one word only be written in each space.

If the message be written in the manner requested, the charge for a message which does not reach beyond the first four lines will be 1s ; if the message reaches the fifth line the charge will be 1s 3d, and so on.

The payment of 1s for a message not exceeding twenty words, covers the delivery by special foot messenger within the limits of one mile from the terminal Telegraph Office—that is, within the limit of one mile from the office to which it is sent by wire or tube—or within the limit of the postal delivery of that office, when it is a head office, although the town postal delivery may extend for more than a mile from it.

Any person who desires to send a message not exceeding 20 words by telegraph to be delivered within the above described limits, will, if he writes it on a message form with an embossed stamp on it, have no further charge to pay than the shilling which he has paid for the form. If, however, he writes it on a form which has no stamp embossed on it, he will have to pay 1s for the transmission, and will be expected to pay that charge by affixing a postage stamp or stamps to the value of 1s to the message form.

The extra charges for words in excess of the maximum number of twenty words allowed to a single message, and the extra charges for portorage, when any portorage has to be paid, are also, as far as is possible, to be prepaid by means of a postage stamp or stamps affixed to the message form. It is desirable that the public should use the smallest number of stamps that will conveniently denote the charges for the transmission of the message, that is, to use a 6d stamp instead of six penny stamps. They are at liberty, however, to use for this purpose any of the denominations of postage stamps in use.

When the addressee—that is, the person who is to receive the message—does not reside within the limits above described, and when the sender desires to have his message delivered by special foot messenger, he will have to pay portorage at the rate of 6d per double mile—that is a mile out and a mile back—or any part thereof. If the sender desires to have

his message delivered beyond the limits of the free delivery by cab, fly, or horse express, he will have to pay 1s per double mile for such delivery. Directions on these points are printed on the message form.

If the receiver of the message does not reside within the above described limits of free delivery, and the sender of the message does not desire to incur the cost of special delivery by special foot messenger or by other means, the message will be sent out for delivery, free of charge, by the ordinary postal delivery next following on the arrival of the message at the terminal Telegraph Office.

Messages may not only be tendered for transmission at postal telegraph offices, but may be enclosed in envelopes addressed "Telegraph Office" and deposited in wall or pillar boxes, or in the letter boxes of ordinary receiving offices or sub-post offices. Telegrams so deposited will be sent on by wire from the nearest postal telegraph office as soon as possible after they reach it, and will be delivered to the addressee free of extra charge, provided the proper charge for the number of words contained in them, and for portorage when they have to be delivered beyond the limits of the free delivery, have been prepaid by means of postage stamps affixed to the message form. Messages so deposited, but insufficiently prepaid, will also be sent on in like manner, the difference being obtained from the addressee; but messages so deposited without any prepayment whatever will be placed in a cover which will be directed to the addressee, and sent forward to him by post as an ordinary unpaid letter.

Messages written on the proper forms, and properly prepaid by means of postage stamps affixed to the forms, may be handed to rural post messengers who are proceeding to postal telegraph offices, for transmission therefrom.

Any additional information which the public may require with regard to the charges on, and regulations for the transmission of, inland messages, may be obtained at any postal telegraph office.

Messages for the Continent, India, or America, will also be collected at and delivered from the postal telegraph offices throughout the United Kingdom, at the rates and under the regulations charged and maintained by the Telegraph Companies engaged in the transmission and delivery of such messages.

Full information with respect to the charges on, and regulations of, such messages, may also be obtained at the postal telegraph offices.

## EXPLANATIONS RELATIVE TO THE FOREGOING TABLE AND MISCELLANEOUS REGULATIONS.

The weight of a packet of newspapers or books sent to a country viâ France and Austria, or to Austria or Greece, is limited to 3 lbs. The weight of a book packet sent to any country viâ Belgium (except Holland and Switzerland), as well as a book or pattern packet for New South Wales or Queensland, is also limited to 3 lbs., and no packet of patterns sent to Austria or Belgium, or to a country viâ Belgium (Holland and Switzerland excepted), or viâ France and Austria, must exceed 8 ozs. In every other case the limit is 5 lbs.

When a Letter, addressed to go by a route that requires prepayment, is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to go back to the writer.

Book Packets can be sent to Amoy, Canton, Foo Chow Foo, Hong Kong, Ningpo, Shanghai, Swatow, and Whampoa only.

Water colour drawings are not allowed to be sent in a Book Packet to France or Algeria, and no Packet may exceed 18 inches in width, depth, or length.

When sent to Germany, Russia, Denmark, Turkey, Moldavia, Wallachia, &c., viâ Belgium, to Austria viâ France, to Greece, the Ionian Islands, the United States, the Azores, Cape de Verds, Madeira, or Portugal, unbound proof sheets (but these only) may contain ordinary corrections of the press, and a packet sent to the United States may in addition contain the written name and address of the sender.

No packet must exceed 18 inches in width, depth, or length when sent to Turkey, Syria, or Egypt by French Packet, or to the Azores Cape de Verds, Madeira, or Portugal.

Printed papers cannot be sent viâ Belgium to places in Upper Egypt.

Books sent to Spain, the Balearic, or Canary Islands must be unbound; and no prints, music, maps, or drawings are allowed, unless they form part of the publication with which they are sent.

No information can be given respecting letters which pass through a Post Office except to the persons to whom they are addressed, and in no other way is official information of a private character allowed to be made public. A Postmaster may, however, give the address of any person unless he have reason to believe that the person for whose address he is asked would disapprove of his doing so.

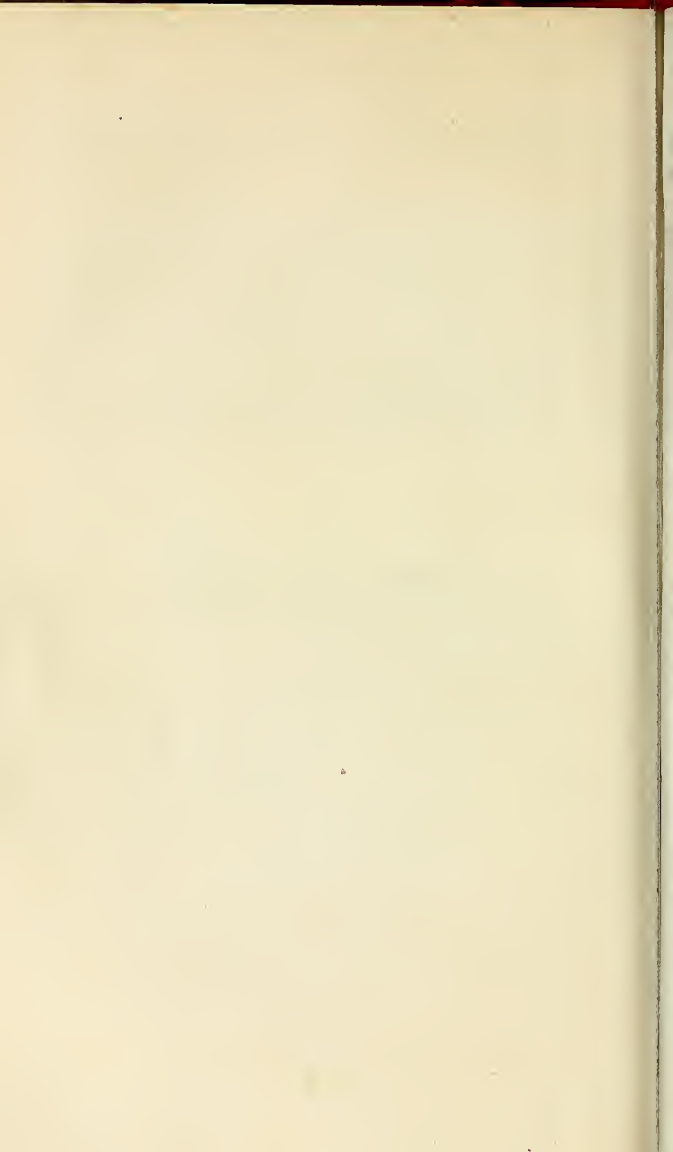

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Provision having been made by means of the British Postal Guide (with local Postal Guides in large towns), and the Postal Official Circular, to supply full and authentic information on all postal matters which concern the public at large, it is requested that persons will abstain, as much as possible, from applying for such information to Postmasters and other officers of the Department. When a written reply is desired the application should be addressed, not to the local Postmaster, but to the Secretary of the Post Office in London, Edinburgh, or Dublin.

When information of any kind is asked for *verbally* the Department does not hold itself responsible for alleged errors in the reply.

**E**MBRACES this opportunity of thanking his numerous Friends and the Public for the considerable patronage he has for many years received; and, in thus soliciting a continuance of their favours, begs to say that he continues to fit all ages and variety of sights with SPECTACLES, FOLDERS, EYE-GLASSES, and READERS, so as to meet the various defects of Vision. Eyes of the best quality from BRAZILIAN PEBBLES or GLASS, *accurately ground and carefully tested*, so as to secure not only distinct Vision to the wearer, but preservation of the sight, so often injured by the use of inferior or ill-selected Glasses.

ALSO SPECTACLES WITH COLOURED EYES, which, by neutralising the heating and irritating tendency of all Artificial Light, are favourable to Weak Sights, and to those who Write, Sew, or otherwise use their Eyes much at night.

N.B.—All kinds of SPECTACLES Repaired, or fitted with New Eyes, carefully adapted to the focus of the wearer.

THOUGHTS FOR THOSE WHO THINK.

## HOMŒOPATHY.

**H**OMŒOPATHY IS NO LONGER NEW. The principle was discovered by Samuel Hahnemann, in 1790, and its scientific application commenced immediately thereafter. Since 1810, when Hahnemann published his *Materia Medica*, and especially since 1830, when the successful treatment of cholera by Homœopathy directed all eyes to it in Europe, it has extended with wonderful rapidity.

A brief quarter of a century—less than half a life-time—has passed, and what a change! Homœopathy is now a recognised method of medical practice. It has its Literature, its Colleges, Societies, Hospitals, and Dispensaries. It has its thousands of practitioners, second to none for their respectability, learning, skill, or success. It has its millions of supporters, and chiefly among the elite, the learned, the thoughtful, and the more refined and intelligent portions of society. Homœopathy now comes no longer in the attitude of a mendicant soliciting examination or sufferance, but in the attitude of a *conqueror*, challenging applause. She presents an array of facts and figures, proof and argument, tables and statistics, so vast and overwhelming that none can dispute or gainsay them; yet all this has been accomplished by virtue alone of the inherent vitality and energy of the system in curing the sick, relieving the suffering, and thus preserving and prolonging human life.

## HOMŒOPATHY IS EQUALLY EFFICACIOUS IN THE CURE OF ANIMALS.

See "*Five Years' Practical Investigation of Homœopathy*," &c. By  
W. C. LORD, F.R.P.S., &c.

He observes that—"In consequence of the system not being reduced by bleeding or purgatives, the horse under homœopathic treatment is fit for work almost as soon as the disease becomes removed. This to a gentleman may not be of much consequence, but to a job-master or tradesman, the services of whose horse are worth to him, say 15s a day, it is clear that if under homœopathic treatment the animal is cured of an acute disease, such as pneumonia, and is fit for work in fourteen days—(I have had them at work in less time after admission for a severe case of inflammation of the lungs)—and that under the allopathic mode of treatment a similar case will not be fit for work under 24 days, the gain to the owner will be £7, 10s on an average for each case. This was pointed out to me by an eminent brewer whose horses I have been attending, and who assures me that he found the homœopathic system of treatment a great saving according to this mode of calculation.

"To the public it is a matter of importance that the horses of the British army be treated homœopathically, for the mortality will be less, and the saving to the Government considerable. As a proof of

**HOMŒOPATHIC INSTITUTIONS—(Continued).**

my assertion, let us take a disease such as 'ozæna,' or 'suspensions of glanders,' for which troop-horses are frequently destroyed, under the apprehension that they are, or may become glandered, and infect the regiment. Now, let us compare the results of the two modes of treatment of this disease. A few years ago, when I was quartered at Aldershot with the 5th R. I. Lancers, and pursuing the allopathic system, I had, according to the best of my recollection, seventeen out of eighteen cases of this disease destroyed, by the recommendation of a board of army veterinary surgeons, who considered them incurable. Since then I have treated homœopathically an equal number of cases of the same disease, and what has been the result? Why, that seventeen out of eighteen cases have recovered! If we estimate the value of each of these horses at £25 (the original cost having been £30), here is a saving to Government—or, in other words, to the taxpayer—of £425. The result of this mode of treatment of all other diseases has been equally satisfactory, and has saved the life of many a valuable troop-horse during the past five years."

**HELP FOR WOMEN.**

**O**UR sisters, and wives, and daughters, have, where the Family is large, and a good stock of clothes is required, and the family exchequer is limited, a terrible amount of drudgery to endure. They have no time for reading, for attending lectures, for self-improvement. Very often they are denied the ordinary intercourse of society; oftentimes many a mother in the middle ranks of life is little better than a slave. With the invention of the WHEELER & WILSON Machine, women are set free, free from the slavery of the gusset and band, free for the higher modes of life, and for the nobler purposes of creation.

The splendid Sewing powers of the “Lion,” “Lion-Singer,” and Strength and Speed Machines, broke the American monopoly in Sewing Machines, and revolutionised the trade, compelling the American Makers to remove their Manufactory to Glasgow (which is now “the” seat of the Sewing Machine Manufacturing trade), and to reduce the prices fully 25 per cent., thus effecting a saving to the public of upwards of **One Million Pounds Sterling Annually.**

In addition to which, KIMBALL & MORTON have been awarded First-Prize Medals in public competitions with American and other makers for the great superiority of the “Lion,” “Lion-Singer,” Strength and Speed, and Sack Sewing Machines.

## SPECIAL ADVANTAGES TO ASSURERS.

**T**HE Entire Profits divided amongst the holders of Participating Policies.

The Profits applied first in extinguishing the Premiums *at a given date*, and afterwards in making the Policy *payable during life*; this important advantage being secured without the payment of any additional Premium.

The adoption of this plan—peculiar to the GREAT BRITAIN SOCIETY—removes the only two objections which have been urged against the system of Assurances payable during life, viz., the high rate of Premium, and the possibility that through an unfavourable change in his circumstances the Policy-holder may be unable to continue his payments until the sum Assured becomes due.

No claim can be litigated or disputed, except with the consent of the Members present at a General Meeting, to be specially convened for the occasion.

According to the Half-credit system, one-half of the first Five Annual Premiums may remain as a charge upon the Policy—the Half Premiums for which credit is given being (on participating Policies) gradually liquidated out of the Profits.

### Progress of the New Business of the Society during the last Four Years.

| Year. | Sums Assured. | Full Annual Premiums. |    |    |

*Vice-President* —THE RIGHT HONOURABLE LORD COLONSAY.

**T**HIS Company, which was founded nearly Fifty Years ago, offers to the Public the combined advantages of **Perfect Security and Unusually Liberal Conditions of Assurance.**

### BONUS ADDITIONS.

The Bonus additions paid in connection with claims, have for some years amounted on the average to upwards of *Thirty five per cent.* on the sums assured, while in the case of lives which have exceeded the average duration, the Bonus additions have frequently amounted to more than *One Hundred per cent* on the sum originally assured.

### RATES OF PREMIUMS.

The Rates charged by the Company are very moderate. This renders it all the more satisfactory that the Bonus additions have been so large. *In comparing the additions declared by this Company with those declared by Higher Rated Offices, the difference of Premiums should be taken into account.*

Copies of the Annual Report and Balance Sheet, &c., may be had on application.

# LIFE ASSOCIATION OF SCOTLAND.

FOUNDED THIRTY THREE YEARS AGO.

Reserved Funds, . . . £1,357,387 Sterling.  
Annual Income, . . . £257,684 „

*The Permanence of the Institution, with the utmost Advantage and Protection to the Policy-Holders, has been the constant aim of the Directors.*

INVESTMENTS of a high class only have been chosen for the Funds. All Transactions involving speculation or responsibility have been avoided. Losses have thus been unknown, and the Funds have undergone a continuous and uninterrupted Increase.

THE ACTUARIAL VALUATIONS have always been made on the strictest and most approved principles. The result has invariably proved the Funds to be more than sufficient for the Liabilities.

The last ANNUAL REPORT contains full particulars of the Association's transactions and position, with details of the RESERVED FUNDS, amounting to above ONE MILLION AND A QUARTER STERLING.

BESIDES the FUNDS RESERVED from Premiums, and the ANNUAL INCOME, the Policy-holders have the further Protection of a Guarantee Fund or Subscribed Capital of FOUR HUNDRED THOUSAND POUNDS.

## THE UTMOST PROTECTION

TO THE POLICY-HOLDER is secured in as far as possible by arrangements for POSTPONING the Payment of Premiums—LOANS to the extent of the Value of the Policy—REDUCTION of Assurance and Premium to a smaller amount, etc.

THE NON-FORFEITABLE PREMIUM System (introduced into this country by the Association) is specially designed to protect the Policy-holder from loss if he should, from any cause, discontinue his premium payments.

IN SURRENDERING the whole or a portion of his Assurance, the Policy-holder of more than two years' standing is allowed an ample Value in cash, or in a paid-up Policy.

THE CONDITIONS of the Policies are unusually favourable as regards Indisputability—Non-forfeiture—Occupation—Residence, &c.; and in one Class there are almost no Conditions or Restrictions.

## BONUSES FROM PROFITS.

IN CLASS A, the Profits are allocated in such a manner as to occasion, at an early stage of the Policy, a considerable Reduction of the Policy-holder's payments.

IN CLASS B, the Profits are reserved and accumulated for those Policy-holders who attain the average period of life of persons of their age. The Bonuses being thus unusually large, are available as a considerable provision for the Policy-holder's old age—the Sum Assured remaining untouched.

LOANS granted by the Company on Life Policies, on approved personal security, and Advances also made on the security of Policies of adequate value.

VOLUNTEER CORPS.—Insured are at liberty to serve in any Volunteer Corps, within the United Kingdom, without prejudice.

DAYS OF GRACE.—By the condition of the Company's Policies, invariably acted upon for upwards of Fifty Years, the period for Payment of Premiums is not only extended to the "days of grace," without forfeiture of the Policies, but the sums assured are recoverable, the same as if the claim had arisen at any time previously. No charge for Policy Stamps or Medical Fees.

*Agents will be happy to supply Life Proposal Sheets with full Tables of Rates.*

## FIRE DEPARTMENT.

Insurances effected on Property in any part of the United Kingdom at the ordinary rates. Manufactories and Risks of a similar nature insured on the most favourable terms. Losses by explosion of gas and by lightning are made good. Steam Thrashing Machines allowed on Farms without extra charge. Policies transferred from other Offices without expense. Claims settled promptly and with liberality.

On receipt of FIRE orders, Interim Receipts can be immediately issued, and when desired a surveyor will be sent to inspect, and assist in specifying the risk.

*As the entire abolition of Duty is in effect equivalent to a reduction by about one-half of the hitherto annual expense of Fire Insurance on ordinary risks, a large increase of the sums formerly insured is generally being made.*

### REPORT BY THE DIRECTORS

TO THE

NINETEENTH ANNUAL MEETING OF THE PROPRIETORS,

*Held in the Offices of the Company, 9th March, 1871.*

**T**HE DIRECTORS have much pleasure in reporting the result of the Business of the Company during the Year 1870.

#### FIRE BUSINESS.

The FIRE PREMIUMS received during the year 1870 (after deducting re-insurances), amounted to £102,283. The sums paid for claims for loss and damage by fire amounted to £45,917. After payment of all claims, expenses of management, and re-insurances, and making due provision for claims unadjusted at 31st December, 1870, the surplus amounted to £30,639, 18s. 1d., which has been carried to the Profit and Loss Account.

#### LIFE BUSINESS.

The Income of this Department during the year (after deducting re-assurances) amounted to £47,227, 7s. 0d. The claims from 53 deaths amounted to £19,449, and after providing for these, and the various other sums detailed in the Balance Sheet, including the Cash Value of last year's Bonus paid to such of the Assurers as elected to receive it in that form, the sum of £16,971, 17s. 2d. has been added to the Life Reserve Fund, which has thereby been increased to £198,804, 6s. 3d.

#### PROPRIETORS' AND RESERVE FUNDS.

The Income of the Proprietors' and Reserve Funds for the year amounted to £39,400, 16s. 2d., out of which the Directors have already declared a Dividend of 10 per cent. per annum, and a Bonus of One Shilling per Share.

THE LANCASHIRE FIRE AND LIFE INSURANCE COMPANY was established in the year 1852, by a numerous and influential body of merchants and manufacturers, resident chiefly in Manchester, London, Liverpool, and Glasgow. The Capital of the Company amounts to Two Millions sterling, of which £1,461,400 has been subscribed, and of which no less than One Hundred and Forty Six

**LANCASHIRE INSURANCE COMPANY (Continued.)**

Thousand One Hundred and Forty Pounds has been actually paid up and carefully invested, so that the most perfect security is afforded to persons insuring their property or their lives with the Company.

In fixing the Rates of Premium for Insurance, the Directors have been influenced solely by the nature of the risks undertaken; and they believe that the rates, both for Fire and Life Insurances, while they are commensurate with the various risks, will be found to be as moderate as those of any responsible Company.

**PROGRESS OF THE COMPANY.**

As evidence of the progress made by the Company, the following Table is submitted, in which the Income, and the amount of the Fire and Life Reserve Funds at the close of various years, are given:—

THE SCOTTISH AMICABLE being a purely *Mutual Office*, its ample Funds have been created entirely by the accumulation of the Premiums of the Policy-holders, *to whom the whole Profits belong*. The Bonuses have ranged nominally from  $1\frac{1}{2}$  to 2 per cent. per annum; but these being compound bonuses, and not merely additions to the original sums assured, the older Policies bear in reality 3 per cent. per annum, and are *nearly doubled* in amount:—an original policy assuring £1000 being now actually increased to £1996, 3s 5d.

The Society's general conditions of Assurance have been from time to time revised, and are now placed on the most equitable and liberal footing. Important resolutions have been adopted, relieving the Policies of many usual restrictions; and the *Assured are now entitled, after five consecutive Years' residence within the Home Limits, to Travel and Reside in any part of the World without payment of extra premium.*

## THE SCOTTISH PROVIDENT INSTITUTION,

6 ST ANDREW SQUARE, EDINBURGH.

The 33d ANNUAL MEETING was held on 29th MARCH LAST.

**T**HE DIRECTORS' REPORT showed that, notwithstanding the marked falling off in the amount of Assurances last year in offices generally, the business of the Society maintained its usual steady and progressive advance. The new Assurances accepted and carried out were 1163, for £612,025, 8s. The yearly premiums on these were £19,481, 0s. 2d.; and the premiums by single payment, £1283, 7s. 6d. The further sum of £5521, 5s. 1d. was received as the price of 16 Annuities. Proposals for £101,176 were declined. The claims arising from 177 deaths amounted to £111,057, 11s. 6d., being considerably within the estimates. There had been issued in all 21,132 Policies, assuring £9,857,508, 11s., of which 15,206, for £7,188,565, 15s., with £192,475, 1s. 3d. of yearly premiums remain in force. The total receipts in the year, including interest, were £275,030, 19s. 4d. The rate of interest on investments averaged nearly  $4\frac{1}{2}$  per cent. The Realised Fund, increased in the year by £129,001, 15s. 10d., amounted on 31st December to £1,765,251, 10d.—of which the details are given in the Report.

### DISTINCTIVE FEATURES.

The PREMIUMS usually charged for £1000 (with Profits) will here assure in most cases £1200 to £1250 from the first—being equivalent to an *immediate and certain* "Bonus" of 20 to 25 per cent.

The Whole SURPLUS belongs to the Members; and being *reserved* for those who prove good lives, considerable Bonuses *in addition* have been, and may be expected to be, given.

The FUNDS now amount to £1,800,000. Notwithstanding its low rates, no Office of equal age has so large a Fund, or shows so large an increase from year to year.

Copies of the ANNUAL REPORT, with TABLES of RATES and Full Information, may be had on application at the Office or Agencies.

*\*This is the largest Life Assurance Fund in Great Britain.*

### LIFE ASSURANCE

is the only way by which, for small periodical payments, Provision can be made for Families, at the death of those on whom they depend.

Heads of Families and others, who have not made adequate provision for those dependent on them, are invited to consider whether Life Assurance does not exactly meet their own convenience and family requirements.

A Life Policy in an Office of known Credit is moreover valuable to the Policy-holder himself during life as a Security in Business and Monetary Transactions.

### VALUE OF THE SOCIETY'S POLICIES

AS FAMILY PROVISIONS OR BUSINESS SECURITIES.
